To the Honorable Mayor and
Municipal Legislature
Municipality of Fajardo
Fajardo, Puerto Rico

In planning and performing our audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Municipality of Fajardo as of and for the year ended June 30, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered Municipality of Fajardo internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Municipality of Fajardo's internal control. Accordingly, we do not express an opinion on the effectiveness of the Municipality of Fajardo's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, significant deficiencies or material weaknesses may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit

attention by those charged with governance. We did not identify any deficiencies in internal control that we consider to be significant deficiencies.

The information in this letter is intended solely for the use of those charged with governance of Municipality of Fajardo and is not intended to be and should not be used by anyone other these specified parties.

We sincerely appreciate the opportunity to provide services to Municipality of Fajardo and hope you find the information included in this correspondence useful and informative. If you have any questions or wish to discuss any of the items further, please let us know.
